The Wellington Catholic District School Board holds the philosophy that assessment, evaluation and reporting practices are means to improve learning for all students through fair, transparent and inclusive practices. This policy is intended to outline a common approach and a consistent practice of assessment, evaluation and reporting in our schools, which links to our beliefs as Catholic educators. It is a companion to *Growing Success: Assessment, Evaluation and Reporting in Ontario Schools, Grades 1-12, First Edition*, which updates, clarifies, coordinates and consolidates the various components of our practice. This policy aims to maintain high standards and improve student learning for all students of the Board in a manner that is clear, consistent and accessible to parents.
