The Wellington Catholic District school Board requires that the selection of learning materials and resources is consistent with the general educational goals of the Ministry of Education and supportive of the distinctive character and dimension of Catholic education as outlined in the Board's Mission Statement and Governing Values.

The Board approves learning materials and resources that support a quality education which integrates the Catholic faith and the teachings of the Gospel with the school curriculum.

The acquisition of learning materials and resources for the school and its library, from the school budget, is the responsibility of the principal.
