The Wellington Catholic District School Board supports its students, clergy, parents and staff in understanding and promoting healthy school environments based on the acceptance and practice of Catholic values. The development of positive Christian attitudes and healthy lifestyle choices will provide a drug free environment for all our schools.

It is the policy of the Wellington Catholic District School Board to prohibit the possession and use of alcohol and drugs by its students while on Board property and at Board sponsored events, and to discourage and eliminate the illegal use of alcohol and drugs by students through the establishment of a preventative curriculum, the provision of appropriate early intervention measures and when deemed necessary, the administration of disciplinary action in accordance with the Education Act.
