POLICY NUMBER:	P.HRG.G.1	January 1, 1998

WHEREAS:

The Board recognizes that the needs and priorities of the system must determine who shall be hired to fill vacancies in teaching positions.

THEREFORE:

The Board authorizes the Director:

- a) to check, as far as he/she considers reasonable, the moral, academic and professional background of each applicant who is being considered for a teaching position with the Board and
- b) to hire, at his/her discretion, appropriately qualified teachers to fill any available positions, taking into consideration the specific and general needs of the system

Note: The amendment removes any reference to local candidates and stresses the needs and priorities of the system as the criteria in hiring.
