POLICY NUMBER:	P.HRG.R.6	January 10, 2005

The Wellington Catholic District School Board supports Canada's Reserve Force and any employee who is a member of the Reserve Force. The Board believes that subject to its operational requirements and collective agreements, its employees who are members of the Reserve Force may, at the discretion of the Board, be released from work to participate in military training, courses and operations.

This will permit employees who are members of the Canada's Reserve Force the time necessary to undergo training and/or participate in military activities without loss of job, benefits, seniority, or other privileges they receive as an employee of the Board.
